

## English Express Teachers and I

Welcome back to school, buddies! Do you enjoy your school time with your friends and teachers? There was a special day for you and your teachers. It's the World Teachers' Day. On every 5<sup>th</sup> October, we celebrate the spirit of love and care between teachers and students.

## Writing thank-you cards and riddles to teachers via Nearpod

During October, our students showed their love and support to their teachers by writing thank-you cards and riddles about them. An interactive self-learning lesson about Teachers' Day and the spirit of showing appreciation was designed for our students via Nearpod. Through a variety of online learning activities, students learnt to express gratitude and words of love to teachers creatively. Some of them even wrote interesting riddles that reflect strong bonds with teachers and funny moments in their school life. Check out their work!

## English Fun Week at SYY!

Developing students' bilingual language capacity is our all-time preference. In this school year, our school has scheduled several "English Fun Weeks" to help further students' interest in learning English. Our first English Fun Week has been introduced in late October! All junior form students participated a range of English-oriented activities in our hall during recess and tutorial lessons. With the help of Smart TVs, both teachers and students enjoyed very much in the interactive games such as 'Tidy Up the Teachers' Desk', 'Wordwalls' and handicrafts workshop. Our Campus Reporters, interviewed some students about their favourite teachers and subjects. They would like to share some interesting answers with you.

# HAPPY TEACHER'S DAY

Hello, what is your name?

My name is Jasper Wong.

Hello, I am Hazel. Who is your favourite teacher? Why?

My favourite teacher is Miss Chan because she is humorous.

Which subject does she teach?

She teaches English.

Do you like English? Why?

Yes, I like it. Because I think English is good.

Do you want to say something to your favourite teacher?

Yes...Thank you for teaching me English and I will work hard.

Thank you for the interview.

Dear Miss Lam,

If I had not had you as my teacher in the primary school, my life would be tremendously different. Your excellent teaching skills and courteous personality have helped me a lot throughout my journey at SYB. Without your help and guidance, I would not be where I am today.

You teach me a lot. Not only do you teach me English patiently and passionately, but you also guide me through my darkness and open my eyes to what I could accomplish and what I could become in a way that I could never have thought to be possible. You told me that I am who I am.

Your encouragement and persistence in all these years help me pass the exam with flying colours. Your lessons are so funny that they make me laugh and more eager to learn more about English. Thank you for bringing out my best. I remember when I did not do well in the assessment, you didn't punish me or feel annoyed. Instead, you explained each question step by step until I completely understood. You make me feel learning is not a torture but an opportunity for me to get equipped for the future.

You are my source of motivation. You told me about your regrets and your successes which all inspired me. I started to realise that everything is really possible. You have changed my point of view on learning. I wouldn't have achieved that much today without your encouragement and persistence.

I have learnt so much from you and I look forward to learning more. I don't know how much I would have missed out if my English teacher weren't you. I am eternally grateful for the doors you have opened for me, and more importantly, thank you for imparting the skills to find and open more doors by myself. Thank you, Miss

Yours sincerely,  
Cyril

Dear Miss Lam,

I would like to thank you as my English teacher. If I didn't have you as my English teacher, my life would not have been as good as how it is now. Therefore, I am eternally grateful since you always impart knowledge, give encouragement to me and teach me persistently.

I always remember how nice you are to me and how funny your lessons are. You usually point out our mistakes and guide us to do corrections step by step in the lesson. It makes me reflect on my own learning. Thank you for your patience, your gentle reminders and countless interesting lessons you have delivered to us.

In addition, thank you for your suggestions on solving my problems when I encounter difficulties in my English homework. You always exert yourself to explain every single question clearly to me. Your detailed guidance helps me understand the questions thoroughly and avoid making the same mistakes in the future. Hence, I think saying 'thank you' once is not enough. Thank you, thank you, thank you.

I have learnt so much from you. No words can express my gratitude to you. Thank you for being a remarkable teacher. With your dedication, I make such great improvements in English. I am so honoured to be your student.

Yours sincerely,  
Isaac

A thank-you letter  
to a teacher

Hello, What is your name?

My name is Amber.

Who is your favourite teacher?  
What subject does she teach?

My favourite teacher is Miss Ho. She teaches me English.

Do you think she is kind or friendly? Why?

Yes, she is. Because she always gives us some presents.

Do you like English? Why?

I like English because my English teacher is very nice  
when she teaches us.

Do you think English Fun Week can improve your English? Why?

Yes. Because my English is not good.  
The English Fun Week can help me improve my English.

What do you want to say to your favourite teacher?

Thank you for teaching me for two years. I will work hard.
